

# CONSTRUCTION NOTICE

## Water Outage | Saturday, Oct. 23

Our contractor is preparing to remove a temporary fire hydrant in conjunction with roadway improvements on the new National Western Drive. In order to begin this work, Denver Water will need to temporarily close an isolation valve on the water main in National Western Drive.

As a result, there will be a water outage in the area for a short period of time on Oct. 23. The anticipated duration is 10 hours, starting at 7 a.m. and expected to finish at 5 p.m.

Please contact Marcy Loughran at [marcy.loughran@denvergov.org](mailto:marcy.loughran@denvergov.org) with any questions or concerns.
