

DENVER
THE MILE HIGH CITY

CONSTRUCTION NOTICE

Construction Mobilization

As part of the National Western Center development construction is scheduled to begin on the new Livestock Center in February 2023. The contractor is preparing to mobilize onsite next week. Activities include site perimeter fencing, informational and safety signage, job site trailers, storage areas, site stabilization, and stormwater management measures.

We anticipate minimal disruption to residents and businesses. You may notice an increase in vehicle activity and movement. Construction activities will follow City and County of Denver noise ordinances and disruptive or noisy work will only be performed between the hours of 7:00am-5:00pm. We will continue to provide updates as construction activities progress.

About the Livestock Center

The 357,000 SF Livestock Center is the campus's most versatile building and will provide the campus with new flexible, year-round space that will support the annual Stock Show and a wide variety of activities, such as community events, sporting events, graduations, concerts, livestock auctions, trade shows, banquets, and other uses. This building will connect to the WSSA Legacy Building.
